Yokkao Extreme took place in Milan, Italy today and despite the lack of means to watch the event, results are out. Among match-ups featured on the card were Buakaw Por. Pramuk vs. Dzhabar Askerov in the main event, Giorgio Petrosyan vs. Abraham Roqueni and Saenchai vs. Fabio Pinca.

Not surprisingly, Buakaw Por. Pramuk defeated Dzhabar Askerov for the second time. Giorgio Petrosyan took what people are saying was a clear decision over Abraham Roqueni. In a bit of an upset, Fabio Pinca defeated Saenchai by decision. Saenchai was not the overwhelming favorite because of the big weight difference, but many expected him to win. This is the first time Saenchai has ever lost to a farang (Non Thai).

We can only work with what we have here officially from Yokkao, so many results are not complete but we do have the winner of each fight at least. We'll update these results with more details when they get out.
