There has been some recent hubbub online about the recent Yokkao Extreme event, featuring the much-anticipated bout between Dzhabar Askerov and Andy Souwer. The event can currently be rented online at [Yokkao's website](http://www.yokkao.com) with the Muay Thai Combat Mania event from Pattaya included in the deal, featuring the bout that everyone is demanding to watch, Yodsanklai Fairtex vs. Kem Sitsongpeenong. The fight in question has been the recent holy grail for Muay Thai fans with the limited availability.

Yokkao is going to even go the one step further when it comes to renting these events, as well. The purchase of the 48-hour rental will also get them a free copy of the Yokkao Extreme 2013 DVD signed by Saenchai. Yes, that Saenchai. The deal is good until March 30th with the DVD being released in April for everyone else. Though, we should note that you will have to cover shipping for the DVD, but it is still free and signed by one of the modern heroes of Muay Thai.
